

## OUR CAPABILITIES

### ✓ ABOUT US

The Loren Group is certified woman-owned steel processor who specializes in large plate fabrication. We have been in business for over 25 years and have fabricated steel for airports, bridges, utility companies and railroads. We have a wide spectrum of capabilities in steel fabrication. If you need it, we can build it.

Jet Blue Airlines  
NYC Board of Education

### ✓ DISTRIBUTION POLE FABRICATION

We have capability to fabricate poles with up to a 40" diameter and 36' long. We can accommodate longer lengths with splicing.

### ✓ CNC BURNING

We have the latest technology in CNC burning that can accommodate projects up to 3" thick, 12' wide, and 62' long. We have plasma, laser, and oxy fuel capabilities.

### ✓ BENDING

We have multiple press brakes with bending capabilities up to 1000 tons and 36 feet.

### ✓ STRUCTURAL SHAPE ROLLING

We are capable of a wide range of structural rolling including angle beam, square and rectangular tube, channel, and heavy bar.

### ✓ PRECISION FLATTENING

For precision products with little tolerance we have flattening tables that are capable of precision flattening plate up to 1" thick and up to 68" wide.

### ✓ BLASTING SERVICES

We are capable of both manual sand blasting and shot blasting. Our shot equipment can clean poles up to 5' in diameter and up to 10 feet in width.

### ✓ ENGINEERING SERVICES

We have a civil engineer on staff to assist you with your project needs.
